Along with all of the content provided in the courses of the Data Science Specialization, we also offer a series *companion textbooks* that complement the lecture materials and provide a set of notes that you can refer to while taking each course (and after the course is completed). The books are all available from Leanpub.

Specialization Textbooks

- Elements of Data Analytic Style by Jeff Leek
- R Programming for Data Science by Roger Peng
- Exploratory Data Analysis with R by Roger Peng
- Report Writing for Data Science in R by Roger Peng
- Statistical Inference for Data Science by Brian Caffo
- Regression Modeling for Data Science in R by Brian Caffo
- Developing Data Products in R by Brian Caffo

In addition, to the above books, two additional books that are highly relevant to the Specialization are

- The Art of Data Science by Roger Peng
- How to Be A Modern Scientist by Jeff Leek
